

Computer Skills: • Proficient in MS office (Word, Basic Excel, Power point) Strength: • Hard working, I  
Bachelor of Electrical Engineering Electrical Engineering Nashik, Maharashtra Guru Gobind Singh College o  
Diploma Electrical Engineering Nashik, Maharashtra S. M. E. S. Polytechnic College  
Testing Engineer

#### Skill Details

EXCEL- Exprience - 6 months

MS OFFICE- Exprience - 6 months

WORD- Exprience - 6 months

Company Details

company -

description - Department: Testing

Responsibilities: • To check ACB and VCB of Circuit Breaker.

• Following test conducted of Circuit Breaker as per drawing.

1. To check breaker timing.

2. To check contact resistance using contact resistance meter (CRM) 3. To check breaker insulation resistan

5. To check closing and tripping operation work properly or not.

• To check and following test conducted in MCC & PCC panel.

1. Insulation Resistance (IR) test.

2. Contact Resistance (CRM) test.

3. To check connection on mcc & pcc panel as per drawing.

• To check and following test conducted in transformer.

1. Insulation Resistance (IR) test.

2. Transformer Ratio test.

3. Transformer Vector Group test.

4. Magnetic Balance test.

5. Magnetic Current test.

6. To check the transformer tapping remotely as well as manually 7. To check the all alarm and tripping prote

Or not as per circuit diagram.

• To check and test conducted in HV cables.

1. Hi-Pot test.

2. Insulation resistance (IR) test.

• To check the LV cables using megger (IR Test) • To check the relay connections as per circuit diagram

Create the defects list which arising during the testing and try to find the solution to minimize the problem.
